## SUNJACK Solar Lighting Systems

### SOLAR SUNJACK

#### PORTABLE SOLAR LIGHTING/CHARGING

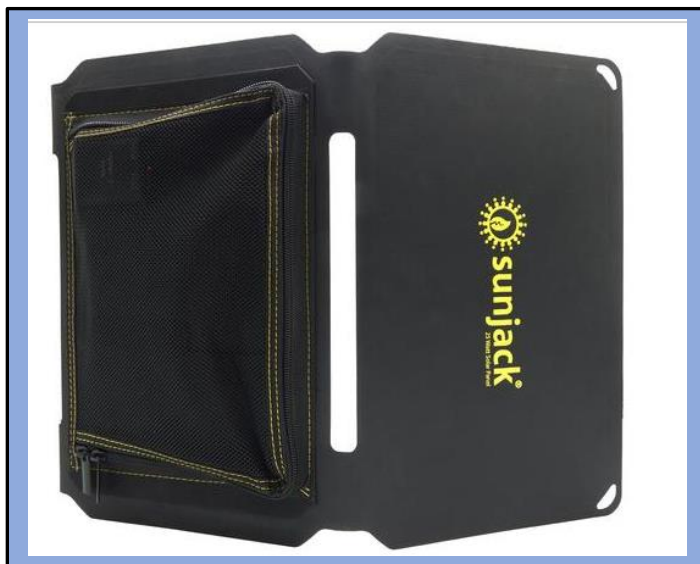

## World's Most Powerful, Weather Resistant 15W and 25W Solar Charging Systems

The New SUNJACK has high density solar panels offering the highest performance per panel area ensuring performance on low light/rainy/cloudy days

- ❖ The Sunjack is a portable high-performance solar panel and lithium battery unit designed to provide both light and power for charging USB connected devices.

- ❖ Specifically designed for home/hut, Aid Posts, Teachers, Police/Military operations and Doctors and Nurses in the field

SunJack™ comes in a 15W and 25W portable solar panel that rapidly charges and powers any USB device with up to 5V/2A of current. Each SunJack™ comes complete with 1 or 2 10,000mAh lithium-polymer battery that provides USB power under conditions with little sunlight.

- ❖ enables power supply for LED lights and charging of USB connected devices such as phones, radios, and tablets

#### SUNJACK 10,000 mAh Advanced Powerbank Battery Systems

- ❖ Provides up to 5 smart phone charges
- ❖ USB Connections/Ports
- ❖ Qualcomm Quick Charge 3.0 and USB-C charges compatible devices in ¼ (one quarter) the time
- ❖ 15W SUNJACK- one Powerbank battery
- ❖ 25W SUNJACK - two Powerbank Batteries

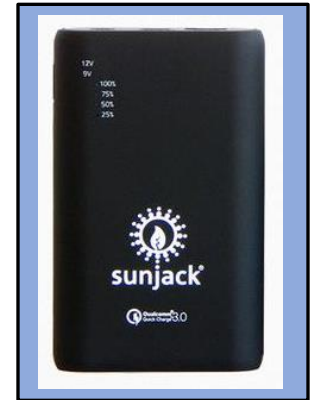

#### Technical Specifications

##### **Technical Specifications**

- Solar panels: 25 watts of high efficiency mono-crystalline
- Max output voltage/current: Two 5V/2A USB ports
- Battery: 2 x 10,000mAh lithium-polymer battery charges in ~ 5 hours
- Unit Size folded: 12.5" x 8" x 1.2" (31.8cm x 20.3cm x 3cm)
- Unit Size unfolded: 24.5" x 12.5" x 1" (62.2cm x 31.8cm x 2.5cm)
- Unit Weight: 2.7 lbs / 1.2 kg (batteries included)

**Additional Options:**

**Laptop Computers**- charging laptop computers via the SUNJACK requires an additional battery system that will charge direct from the SUNJACK and delivers the correct power input for modern laptops.

**LightStick- Light and Battery Bank for charging USB Appliances**

The weather proof LightStick will provide 46 hours of Lighting (One Week) and/or charge the equivalent of 3 Smart Phones before recharging is required.

Will charge from SUNJACK or any power source via USB
